

EARP Registration

The EARP has been founded by the European Relocation industry to promote, accredit and monitor education and training, to gain recognition, to raise and maintain standards and to further the professional development of relocation professionals. The programme leads to a three level qualification, "Certified European Relocation Professional" (CERP) 1, 2 & 3.

Our mission statement is:

"The EARP is the vehicle for providing training of such excellence, that it becomes a benchmark for the European relocation industry. Through a combination of in-country and international training programmes, the EARP seeks to enhance the stature of the industry whilst supporting the importance of local knowledge."

The EARP accredits and delivers a variety of training to enable candidates to achieve the EARP Certification, including seminars and conferences throughout Europe. **In order to gain points for attending EARP accredited training, candidates must register with the Academy.**

The cost is €40 or £25.

If you would like to register, there are two ways to pay;
